Call for Papers on Text Technology

The guest editors, Armin Hoenen and Thomas Jügel (Digital Humanities, Goethe University Frankfurt) would like to invite you to submit a paper to appear in the **JLCL Volume 2012/2 "Altüberlieferte Sprachen als Gegenstand der Texttechnologie" / "Text technological Mining of Ancient Languages"** (topics are among others: Corpus linguistics, Computational lexicography, Usage of web resources).

Please send an abstract to <jlcl22012(at)hucompute.org> and in case of acceptance the article before 1st of June 2012.

All contributions will be reviewed anonymously. Please, leave the author names out in your contribution. Instead, please add a file with a) the author names b) title of the contribution and c) address of corresponding author. Contribution must meet the scientific standards of journal articles. The editor keeps the right to reject contributions which do not meet these standards.

Papers may be submitted in either LaTeX or MS Word format. Electronic document preparation templates are available online:

<http://jlcl.org/index.php?modus=style_sheets&language=en>

Important Dates
